

**Ronald
Ostrowski**

**Director of
Environmental,
Health and Safety
Operations and
Assurance at
Siemens**

Ronald (Ron) Ostrowski is the Director of Environmental, Health and Safety Operations and Assurance at Siemens.

Over the course of his 7 years with Siemens, Ron has developed strategic plans for the Siemen's environmental, health and safety program, he leads the EHS Centers of Competence, manages the EHS Compliance Assurance Program and provides relevant EHS information and analysis for Performance Reporting and Sustainability initiatives.

Ron also identifies opportunities for efficiencies, harmonization, standardization, and best practices in a cost-effective delivery of Environmental, Health & Safety services to Siemens businesses.

For over 30 years Ron has provided guidance in environmental, health and safety across a variety of domestic and global manufacturing environments and industries. He is a certified ISO 14001 Lead Auditor.
