

AUGUST 2019 | ISSUE NO. 4

A movie was filmed in the Atlanta office.

All cargo is screened on site, and there is even a security dog.

KUEHNE+NAGEL

The K+N office has recently been expanded, but until the expansion is complete, the space is used for employee yoga and fitness classes.

Since its beginnings in Bremen, Germany in 1890, Kuehne + Nagel (K+N) has grown to become one of the most recognized logistics companies worldwide. With 1,300 offices worldwide, K+N employs 400 people at its Atlanta office providing innovative and fully integrated supply chain solutions.

K+N's international business is reflected in its international workforce: People of 48 different nationalities all work under one roof in Atlanta. I had the opportunity to tour the Atlanta facility with Sebastian and Karim to see what happens behind the scenes of a logistics company like K+N. It makes sense that K+N's Atlanta office is located right by the Hartsfield-Jackson Atlanta International Airport. In fact, next time you are flying in or out of Atlanta, be sure to look out of your window to spot the K+N logo painted on the roof of their building.

Think about it, everything that you interact with throughout your day would not be possible without logistics. Someone had to transport the cotton in your shirt that you are wearing today or the tuna inside the sushi roll that you'll be eating tonight at dinner, and K+N are the ones doing it. K+N's logo does portray an anchor, but this does not mean that they only work with sea freight. While they are the #1 logistics company in sea freight, they also work in air freight and over land. Whether they are shipping live fish for an aquarium, or the stage for a Russian ballet performance, K+N has seen it all.

I was able to learn a lot about the Atlanta office through my tour. It was apparent that K+N strives for healthy company culture and cares for its employees. When employees feel appreciated, productivity can only improve. There are various initiatives that employees can participate in: As a K+N employee you can join one of the many sports leagues offered, or you can stick to the ping pong and football (Fussball) tables in the kitchen area. Another way to get involved is through the charity initiatives that K+N partakes in. During my visit, the K+N employees were collecting backpacks and school supplies for the upcoming school year to give to children in need.
